TETRANITIATION

To prepare for Tetranitiation, it is requested that the neophyte create a simple Cubic Altar. In a room where you may enjoy privacy, arrange the following on a small desk, shelf, or similar surface:

- Four unlit candles (tea lights work), aligned with the four corners of the room you occupy.
- A cube. This could be a jewelry box, an empty Amazon box, a Rubik's Cube, anything cube shaped will do. The corners of this cube should point to the candles.
- A Dobbshead, or other piece of SubGenius iconography or scripture, including your Membership Card, the Book of the SubGenius, etc. Multiple SubGenius relics are allowed.
- This Monograph and your blank initiation card and certificate (set aside).
- A candle snuffer (optional).

Just prior to beginning the initiation, you may opt to burn incense or smoke 'Frop in the room. The room should be darkened with only enough light to read

this monograph. Sit in silence for a time and ponder the illusory nature of one-day linear time. “Bob” will speak to you, either aloud or in your mind, when it is time to begin. Read the Words of Rudiment from our Prophet, and follow the steps to complete your initiation.

WORDS OF RUDIMENT

BELOVED NEOPHYTE; greetings to you from all points in the Sacred Four-Corner Days. As your Prophet I greet you and reach out my hand to guide you through this, your Tetranitiation ceremony and Induction into the Ancient and Mystical Order of the Time Cube. I ask for your attention, your devotion, your intention, and your trust, so that your Initiation may be full of Wisdom, Power, and more Profits for “Bob”!

CUBIC TETRANITIATION

FIRST: Please approach your altar so that one of the four candles faces you. This candle represents Midnight, where you have begun, in the darkness of ignorance of the one-day lie. However, now comes the dawn, and with it all four corners, until all is brilliantly illuminated.

As you approach your altar, recite the following invocation:

“If Earth stood still, it would have midday, midnight, sunrise and sunset as 4 corners. Each rotation of earth has 4 middays, 4 midnights, 4 sunrises and 4 sunsets. Ignorance of 4 day harmonic cubic nature indicts humans as unfit to live on earth. Now, I leave Ignorance behind and step into the light of Cubic Wisdom.”

DEGREE I: WISEST HUMAN

Bring your attention to the candle to your LEFT. This candle represents SUNRISE. Light it, and repeat these words:

“At Sunrise, Socrates wakes, that I may become wisest.”

RESPONSE (read silently):

“SO BE IT, Neophyte. And so I deem you WISEST HUMAN.”

DEGREE II: OBSCURANTIST

Then, bring your attention to the candle OPPOSITE you on the other side of the cube. This candle represents MIDDAY. Light it, and repeat these words.

“At Midday, the Clintons wake, that I may be the bearer of the most obscure secrets.”

RESPONSE (read silently):

“SO BE IT, Wisest Human. And so I deem you OBSCURANTIST.”

DEGREE III: TETRACHRONONAUT

Bring your attention to the candle to your RIGHT. This candle represents SUNSET. Light it, and repeat these words:

“At Sunset, Einstein wakes, that I may see the true nature of space and time.”

RESPONSE (read silently):

“SO BE IT, Obscurantist. And so I deem you TETRACHRONONAUT.”

DEGREE IV: CUBISSIMUS

Then, bring your attention to the candle NEAREST you. This candle represents MIDNIGHT. Do not light it, but hold your hand over it and repeat these words.

“At Midnight, ‘Bob’ wakes, and reveals the truth to all who have paid him. We will be the new rulers of the Pinks, and will reign over the four corner days for four eternities.”

RESPONSE (read silently):

“SO BE IT, Tetrachrononaut. And so I deem you CUBISSIMUS/CUBISSIMA (as appropriate).”

CLOSING

NOW: One by one, snuff the candles in order, repeating:

(Extinguishing the sunrise candle)

Our midnight is someone else's sunrise...

(Extinguishing the midday candle)

Someone else's midday...

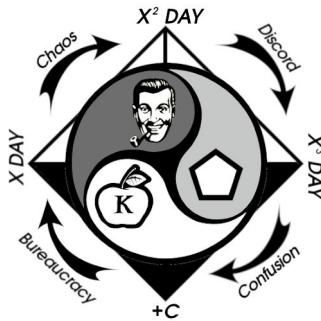

(Extinguishing the sunset candle)

And someone else's sunset.

(Stand up, saying)

I rise physically in darkness but metaphysically into the Greatest Light. CUBO SECLI!

(This concludes your initiation ceremony. Tips are not required but are appreciated. Thank you for your interest in Time Cube. Use your new powers wisely, and PRAISE "BOB"!)
